## EDUCATION

---

### Bachelor of Computer Science

UNIST - Ulsan National Institute of Science and Technology

*August 2022 - expected July 2026*

South Korea, Ulsan

### Moscow Workshops Juniors

Advanced Programming Skills Certificate

*February 2020, 2021, 2022*

Russia, Moscow

## EXPERIENCE

---

### Competitive Programming Coach

*May 2020 - Present*

- Lectured and organised contests for students who achieved medals in international competitions.
- Covered advanced algorithms, data structures and problem-solving techniques, mainly on C++.
- Taught students from all over Kazakhstan (in both online and offline formats).

### Programming Mentor

*Introductory Java Course*

*7 hours a week, October 2022 - Present*

*"nFactorial" School*

- Mentor of over 50 students from various countries such as Kazakhstan, Russia, Kyrgyzstan and so on.
- Holding online seminars and office hours analyzing programming projects on Java programming language according to Princeton's Computer Science program.

## ACADEMIC ACHIEVEMENTS

---

### ACM ICPC - Seoul Regional Finals

*November 2022*

- Ranked 23th out of 323 teams participated in Korea region.

### International Zhautykov Olympiad - Silver Medals

*January 2021, February 2022*

- Ranked 74th and 58th out of 279 and 300+ participants respectively.
- International Zhautykov Olympiad is an annual competition for STEM students from over 20 countries. Students compete in one of the three subjects - Mathematics, Computer Science and Physics.

### European Junior Olympiad in Informatics - Bronze Medal

*September 2021*

- Ranked 29th out of 89 participants from countries all over Europe.
- European Junior Olympiad in Informatics is a significant event in the development of the elite of the IT industry in Council of Europe member states. EJOI follows the rules and standards of the International Olympiad in Informatics.

### National Informatics Olympiad - Silver medal

*March 2021*

- Ranked 5th out of 300+ participants.
- Over 500 students are selected from qualifying rounds over all the regions of Kazakhstan.

### XII Eurasian Team-based Olympiad in Informatics - Silver medal

*November 2022*

- Ranked 9th out of 500+ teams participated.
- Eurasian Olympiad in Informatics is an annual competition in computer science where teams of three students from all over Eurasia compete by solving algorithmic problems.

## SKILLS

---

### Programming Skills:

C++, Java, Python, C#, LaTeX.

### Languages:

Kazakh - native, Russian - fluent, English - fluent, Korean - beginner
